

Made to Measure FRENCH

A made to measure solution that suits your goals and personal needs.

- ✓ We propose made to measure language courses for 1 or 2 people. Face to face or by Skype, you decide !
- ✓ You'll have one french-speaking teacher to accompany you, inspire you, and to motivate you during the entire program.
- ✓ We use a fun teaching method focused on practical situational learning and using multimedia materials.
- ✓ We offer you a customized solution to improve your vocabulary and grammar, reflecting the situations you will be need to manage in your daily life.
- ✓ Our E-learning solutions are free to use without additional.
- ✓ We can adapt our courses to your needs (adapt them to a work group or maybe a future trip). Courses exist for all levels. This course is made for you !
- ✓ Lessons start only after a complete evaluation of your oral and written level, as well as your needs, in order to create a training program which matches with your short and long-term objectives.

Choose the option which suits your needs

With Easy Access English, you know where you are going !

The plan for your learning journey are drawn up according to your objectives and your level. As it becomes necessary, we'll spend more time on specific steps. That is why, we set new objectives at every new lesson, just to make sure that you to get to the final destination unhindered. You can find the objectives in the e-module we send you every week.

Measurable progress, lesson after lesson – to be aware of your progress and needs.

At the beginning of the lesson : you discuss learning objectives with the teacher, linked to your own goals. This helps you to understand why it is important to me to learn these points. And you are ready to take up the challenge !

At the end of every lesson : We check on these objectives. The teacher asks you to self evaluation by completing a progress bar, and, sharing your thoughts. You become more aware of your progress and ongoing needs.

For next time : You work at home to improve some points. Your teacher fixes new objectives for the next e-module.

The 3 P's – to reach your objectives and progress after each lesson.

Pre-lesson learning : e-module to prepare before every lesson. Sent by your teacher by e mail.

Post-lesson learning : results to review after every lesson. Sent by your teacher.

Plus lesson learning : further reading and study proposed by your teacher.
